

# Grounding Accessories

PWC Part Number	Size	Standard Packaging	Weight per 100 pcs
<b>Ground Rod Couplings</b>			
PC12	1/2"	10	16
PC58	5/8"	10	25
PC34	3/4"	10	38
PC01	1"	10	65
<b>Ground Rod Clamps</b>			
P4	1/2"	100	9
P5	5/8"	50	10
P6	3/4"	50	11
P7	1"	50	19
PU	Universal	50	20
<b>Ground Rod Drive Studs</b>			
PD12	1/2"	10	12
PD58	5/8"	10	23
PD34	3/4"	10	35
PD01	1"	10	49

All values are nominal and subject to correction

**Ground Rod Couplings:**

Connects two copper sectional ground rods. Tapered ends to reduce driving friction. Constructed of high strength, corrosion resistant bronze. UL/CSA

**Ground Rod Clamps:**

Connects ground conductor to driven ground rod. Approved for direct burial in the earth and concrete. Contains a bronze hex headed bolt. Constructed of high strength, highly corrosive resistant bronze. UL/CSA

**Ground Rod Drive Studs:**

Connects to copper sectional ground rods with a coupling for driving to eliminate damage to ground rod threads.. Constructed for high strength, corrosive resistant steel with bronze plating. UL
